

# MISSION STATEMENT

Dr. Frank King is the founder and president of King Bio™, an FDA registered pharmaceutical company dedicated to the quality manufacture of safe, fast-acting, homeopathic medicines.

Dr. King has dedicated his life to helping the greatest number of people achieve their highest level of health through safe and effective natural medicines. He has personally worked with over a quarter of a million patients presenting a variety of perplexing conditions, many of whom had already been told that they were beyond help.

Realizing that so many people suffer from chronic and unresolved health problems, Dr. King began looking for the best ways to meet their needs, researching different natural healing systems to discover which produced optimal results. His findings gave birth to a dynamic healing system and a brand new line of homeopathic formulas. The system was so successful that people all over the United States soon wanted to use it, and to answer that call, King Bio was founded in 1989.

A nationally recognized researcher and author, Dr. King continues to research the most effective natural medicines and how to best use them. He has now developed over 200 natural medicines along with new procedures to empower both the physician and consumer in their quest for optimal health.

## *‘A Message of Healing’*

- To provide the public with safe, all natural medicines with no side effects and no negative drug interactions.
- To offer affordable natural medicines that enable people to effectively overcome today's common health challenges.
- To achieve the utmost respect of our customers and uphold the best in product quality.
- To empower people with the most effective ways to attain optimal health.

### **Premise**

- People are designed to be healthy and are equipped to overcome all disease.
- You can give a fish and feed someone for a day, or you can teach someone to fish and feed them for a lifetime!
- Our focus is to equip people with the tools to overcome disease.

### **Values**

- To love and care for the sick and suffering
- To continually seek and search for the most effective answers
- To serve people with honesty, integrity and purity
- To care enough to make the sacrifices necessary to positively impact the masses

## WHAT IS HOMEOPATHY?

Homeopathy is a scientific system of healthcare that activates the body's own healing processes in order to cure disease naturally, gently, and promptly. Homeopathy is a natural pharmaceutical science that uses very small or infinitesimal doses of substances from the plant, mineral, or animal kingdoms to activate the body's nervous system to initiate the healing response.

The word homeopathy is derived from the Greek *homoios* meaning similar and *pathos* meaning suffering.

The German physician and chemist Dr. Samuel Hahnemann founded the science of homeopathy in the early 1800's. While performing research into the toxicological effects of the medicines of his time, Dr. Hahnemann discovered that a specific dilution of a substance would remove the symptoms that substance was capable of evoking. Through numerous experiments, he advanced the theory that "likes are cured by likes", and today it is a verified law of Pharmacology, *The Law of Similars*.

For example, if one drinks too much coffee the mind races and prevents sleep; the nervous system gets on edge, and trembling may even result. A specifically prepared dilution of coffee will gently and promptly reverse these types of symptoms.

Ipecac in a large dose causes nausea and vomiting. An ill person suffering from the same or similar symptoms improves after taking a specifically prepared dilution of ipecac.

Another example is the symptoms caused by being exposed to sliced onions. The eyes may burn and water profusely, and the nose, too, may water and sneezing may occur. These symptoms produced by sliced onions are very similar to those of hay fever. As you might expect, one remedy for hay fever is the onion, specifically diluted according to exact homeopathic principles.

You will also see application of the Law of Similars in genetics, physics, chemistry, and immunology. In physics, opposite poles of a magnet attract while similar poles repel. By placing similar poles next to each other, a weakened magnet will be recharged/regenerated, or restored by the Law of Similars.

A basic principle of solvent chemistry states that a substance will be a solvent to another substance when it has a similar type of molecular bond. It has to be either similarly polar or similarly apolar, and then like will dissolve like. Immunology, of course, crudely applies the Law of Similars to activate antibody responses with small doses of a similar substance that will evoke the allergic symptoms.

# HOMEOPATHIC PRINCIPLES

**HOMEOPATHIC REMEDIES** focus on the *whole* person and the body's own natural defense systems. Homeopathy recognizes the body's built-in abilities to heal itself and maintain a healthy vibrant state of well being. Homeopathy teaches us that the symptoms of a disease represent the body's own intelligent way of saying through the sensory nervous system it needs help. We can reinforce the body's efforts by administering very small or infinitesimal doses of a substance, which if taken in large quantities over a period of time, would produce the same symptoms as the disease.

**THE LAW OF POTENTIZATION** refers to the specific dilution procedure of homeopathic formulas. These specific dilution ratios with succussions or shaking are continued to various levels called potencies. The lesser dilutions are known as low potencies and the greater dilutions are known as high potencies. Higher potencies act deeper into the nervous system, therefore creating a more potent effect upon the body's natural healing responses.

**HERING'S LAW OF CURE** – The Father of American homeopathy, Constantine Hering, M.D., was one of the first to observe specific ways that the healing process develops. He made three observations of the true healing process which have been called "Hering's Law of Cure":

- 1) *The human body seeks to externalize disease.* One of the miraculous functions of the body is to move disease from more serious, internal levels to more superficial, external levels. For example, during the homeopathic treatment process, a patient treated for an allergy or asthma may, during the curative process, develop a skin rash. Someone with a deeper mental or emotional condition may commonly notice an improvement in their mental or emotional condition when physical symptoms occur. Sadly, most conventional medical treatment would act to control or suppress the physical symptoms as a unique and unconnected phenomenon, thus possibly reactivating the patient's original condition. The human body is closely interconnected mentally, emotionally, and physically, and must be managed in this way.
- 2) *Healing progresses from the top of the body to the bottom.* A person with a skin rash or arthritis over their entire body may notice relief in the upper body before the lower body. Understanding this law of healing helps the Physician to differentiate a true cure from temporary relief, suppression, or a placebo response.
- 3) *Healing proceeds in the reverse chronological order of the appearance of the symptoms.* As healing progresses, a patient may sometimes re-experience symptoms that he or she previously suffered. This may occur when symptoms were conventionally suppressed or not handled properly.

In the past, many have had difficulty understanding these laws; however, the power of minute quantities is all too well established in this nuclear age. (Note: See Research Section for documentation of this and other phenomenon on page 12.)

## WHAT TYPE OF DISEASES CAN HOMEOPATHY ADDRESS?

Homeopathy does not *treat* dis-eases per se. Homeopathy activates the body's own healing processes at both the physical and mental/emotional levels. The range of problems in which homeopathy can be effectively used is extensive and includes first aid, acute illnesses, and all manners of chronic conditions.

## HOW SOON CAN RESULTS BE EXPECTED?

In acute conditions, the appropriate remedy can act within minutes. It is common to see a child who is screaming out in pain with an earache, drop off to sleep in one to two minutes after a dose of the appropriate remedy. In chronic conditions, results can be slower.

Roughly, for every year of illness, it may take a month of treatment and multiple formulas to receive maximum results.

Though astounding improvements often take place, do not be discouraged if instant improvements do not occur in chronic or long-term conditions. In the chronically ill and hypersensitive patient, the vitality of a person needs to be first strengthened. There may even be a slight chance of temporary worsening of symptoms. This is usually short lived and followed by improvement.

## THE BIO-ENERGETIC PARADIGM

Homeopathy functions very differently from other remedies such as herbs, vitamins, and minerals. While herbs, vitamins, and minerals work on a bio-chemical level to change or support body chemistry, homeopathy works on a bio-energetic level to bring balance to our higher communication networks. All body functions are controlled and coordinated through energetic communication networks such as our nervous system. Every chemical within our body has a particular charge to respond very specifically to our energetic control networks. By balancing our energetic communications with homeopathy, the roots to our bio-chemical functions can also be restored. The bio-energetic realm of life controls the bio-chemical realm of life.

We have found that the easiest and most effective way to rebuild our health is to first restore the communication networks within our body. The deeper works of homeopathy can make all of our other efforts to enhance health much simpler. In fact, homeopathy will empower our body to respond much more effectively to all our efforts in building health. As the inner integrity of our health is restored with homeopathy

- ◆ Recurring subluxation pattern will stabilize and correct.
- ◆ Good eating habits become more effectual.
- ◆ Herbal and nutritional supplements become more effectual.
- ◆ Exercise efforts become more effectual.
- ◆ Even our efforts to manage stress and think more positively become more effectual.

To demonstrate these principles of healing, imagine cutting a fresh steak. Then apply every form of medicine known. You can stitch it up, cauterize it, use antibiotics, natural remedies, and obviously, the steak will not heal. The purpose of this parable is very important. Chemicals are not the primary source of healing. The deepest source of our healing is this energetic control system.

As we grasp more completely the power of these healing principles, we will be able to take on a greater level of authority and control in our health. We will become more successful stewards of our bodies. We will become more effectual in our efforts to attain and maintain optimal health.

These bio-energetic principles are why homeopathic medicines can commonly provide such quick results—often within 30 seconds to just a few minutes. Once a homeopathic medicine is placed in the mouth, the sublingual nerve pathways around the tongue pick it up. The unique healing powers of homeopathy are then transmitted at the average nerve speed of 200 MPH throughout the body. Within 5 to 7 seconds, the healing and restorative messages of the homeopathic remedy reach all 100 trillion cells of our body!

Homeopathy works so deeply within the inner fabric of the human body that actual cures can take place. Even inherited problems and weaknesses (called *miasms* in homeopathy) have well documented cures. With homeopathy, we have another tool to help stop the passing on of inherited problems and weaknesses to our offspring.

## **NEW BREAKTHROUGHS WITH HOMEOPATHY**

We have developed a number of new approaches to better bring the benefits of homeopathy to everybody. These contemporary approaches include breakthroughs in both products and procedures. They are so simple anyone can apply them to their own personal needs.

One of our foundational breakthroughs in homeopathy is **King Bio Natural Medicines**.

Disease is much more complex today than it was 200 years ago when the original classical methods of homeopathy were established. Since then, we have gone through:

- ◆ A century of suppressive therapies with modern day allopathic drugs.
- ◆ We have used certain vaccinations that have cut short our childhood diseases that were designed to naturally build our immunity.
- ◆ We have been exposed to man made chemicals that now range into the millions.

This is why the broad spectrum **King Bio Natural Medicines** are so necessary.

**King Bio Natural Medicines** are designed to work powerfully at every level of life:

- ◆ To quickly overcome multiple symptoms
- ◆ To detoxify and activate our internal mechanisms for maintaining a clean and healthy body
- ◆ To help restore and build a strong and healthy immune system
- ◆ To help us heal mentally and emotionally
- ◆ To strengthen our inner constitution which improves our overall health and quality of life

Especially important is our unique pure water base. **King Bio** is the only company manufacturing homeopathics without sugar, alcohol, or glycerin for the health food industry. **King Bio** offers the purest form of medicine available.

- ◆ No side effects
- ◆ No known negative drug interactions
- ◆ No contraindication for use
- ◆ No allergies
- ◆ No sensitivities
- ◆ No taste or aftertaste

Medicine does not have to taste bad to be good. The **King Bio** pure water based triple potentization process makes **King Bio Natural Medicines** exceptionally strong and relatively taste-free. This also eliminates many adverse reactions. With no offensive taste, no one, from grandchild to grandparent, will have a problem taking a **King Bio Natural Medicine**.

**King Bio Natural Medicines** work on the whole person at all levels of life. Besides the fast results and potential cures we've talked about, there are additional benefits you may experience:

- ◆ Increased vitality
- ◆ Increased alertness
- ◆ Better sleep and peacefulness
- ◆ Increased sense of physical, mental and emotional well being
- ◆ Help with inherited problems or weaknesses

Since homeopathy works on the whole person, correction of seemingly unrelated health problems can also occur. For example, you may take our sinus formula and discover your leg pain or other seemingly unrelated symptoms have also cleared up.

In every dose of **King Bio Natural Medicines**, you receive three equal volume potencies (or strengths) of each ingredient (10x, 30x and LM1). In general, the lower 10X potency works at the more superficial levels of bodily function, such as skin and hair health. The middle potency (30X) works more in the realm of our glands and organs. The mental and emotional functions are best enhanced with the higher (LM1) potency.

These potency ranges have been clinically proven to provide a higher percentage of results, faster results, and a higher percentage of actual cures. You will find most companies only offer low potencies.

Making a homeopathic remedy is a very labor-intensive process. It actually takes 90 times the labor to make our LM1 strength as it does to make a 10x strength. Each potency process requires both time and labor. We at **King Bio** find it well worth both to provide these superior results.

Compliance is a common challenge whenever it comes to doing something good for our lives. Our homes are cluttered with unused exercise equipment and have cupboards full of partially consumed health products. The least little inconvenience can easily deter us from doing what is good for us. Our medically metered pump spray makes **King Bio Natural Medicines** both easy and fun to take; thus helping us stay diligent with what will help us. "Convenience creates compliance."

## WHY CHOOSE King Bio NATURAL MEDICINE?

### √ SAFE-NO SIDE EFFECTS

There are **NO SIDE EFFECTS**, **no contraindications**, **no known reactions with other drugs**, **no known allergic reactions**, **no toxic chemical poisoning potentials** and are **non-habit forming**. Everyone from newborns to the elderly can safely use these medicines. **King Bio Natural Medicines** can be safely and effectively combined with nutritional and herbal remedies, as well as other conventional drugs and medical procedures.

### √ PURE WATER BASED

Finally, a pure water-based homeopathic line with **no alcohol, sugar, or glycerin**.

### √ FAST ACTING

**Symptomatic improvement** can often be noticed within **30 seconds** to just a **few minutes**. Homeopathy's unique absorption into the **sublingual nerve pathway** is the **fastest delivery known**.

### √ EASY TO TAKE

Our **one-hand pump spray** is the **fastest, easiest, and most accurate dosage** delivery system available. **King Bio Natural Medicine** conveniently fits into a pocket or purse for easy travel. No more wrestling to open or close bottles, no measuring, no spilling, no more fumbling with blister packs or eyedroppers, no touching, no contamination, no anti-doting, no problems taking **King Bio Natural Medicines**. Once you've tried our pump spray delivery system, you will never want to go back to the old cumbersome ways of taking homeopathic remedies.

### √ LONG SHELF LIFE

All **King Bio Natural Medicines** will retain full potency for a period of **three years**.

### √ ENVIRONMENTALLY FRIENDLY

**King Bio** uses recyclable bottles that are made of a high-density plastic so there is no leaching into the medicine. **King Bio Natural Medicines** are ecologically designed for both **our body** as well as **our environment**. High-density plastics require less energy and are more economical and ecological to make and recycle than glass. Please recycle!

### √ TRIPLE POTENCY POWER

**King Bio Natural Medicines** on average contain more than 16 different ingredients each made in equal volumes of 10x, 30x and LM1 potencies totaling about **50 individually made ingredients in a single formula**. This progressive formulating process provides a broader therapeutic spectrum that delivers powerful results. The triple potency process provides a **higher percentage of results and actual cure**.

### √ ADDED VALUE – ONLY 7 cents per dose

Our **2 oz. bottle** provides a 60-day average supply. Compare this to other products that may provide only a 7-15 day supply. **You get all these benefits at 7 cents per average dose. King Bio Natural Medicine** is also the most cost effective product **compared to other OTC's**.

### √ CREDIBILITY

Natural homeopathic medicines have become the first of all the natural remedies to be registered by the FDA as a drug product. **King Bio Natural Medicines** offer a safe and natural solution backed by science, clinical experience, FDA registration, and most importantly, the test of time.

### √ SUPERIOR CUSTOMER SERVICE

Our professional customer service representatives are personally trained by Dr. King to individually help you. We are committed to sharing the latest advances in homeopathy. Our heart is to see you fully equipped with the far-reaching potentials of homeopathy in every home (home-opathy).

## DOSAGE: BE FLEXIBLE TO BE SUCCESSFUL!

Since our body has unique requirements, **optimal dosages can vary with each individual**. For **general use**, one adult dose **3 times per day is a 60-day supply**. Although you may start with a dosage **more than 3 times a day**, you will lessen the dosage as symptoms improve and finish with a dosage of **less than 3 times a day**. You **need not worry about excess dosing** producing any toxic side effects. The important thing is to establish the appropriate dose until results occur and vary the dose according to symptomatic change. If there are no results, gradually increase the dose frequency until symptoms begin to clear. As symptoms do begin to clear, reduce the frequency accordingly.

**King Bio Natural Medicines** are **designed to correct the underlying causes** behind your health problems. Depending on the conditions, if no changes occur within a few days to a few weeks:

- Try another related King Bio Natural Medicine. Related items can be in the Repertory under complimentary formulas listed with each product in this guide.
- Refer to a specialist when appropriate.

For best results, take doses anytime between meals at least **10 minutes or more away from eating or brushing teeth**. Whenever *possible*, allow a few minutes between doses when taking more than one King Bio Natural Medicine. Reflex response tests can help you to discern which formulas can be taken together and which products to take separately. Please refer to CES manual for more information on reflex testing.

There is no risk of overdosing. Taking more than the recommended dosage at one time will not add additional therapeutic value. What will add therapeutic value is to increase the frequency of the dose.

## TOPICAL USE

In addition to internal/oral use, **King Bio** formulas can be externally applied when appropriate. Simply spray on affected areas and gently rub into the skin 4 to 8 times daily until symptoms have improved. Do not spray directly in eyes. For eye conditions, close eyes and mist over and around the eyelids.

The topical dose can add a therapeutic dimension to a case that an oral dose may not and vice versa. King Bio 's unique pure water base allows you to safely apply the therapeutic potentials of a topical dose for an immediate localized effect.

For example, you can spray over the emotional reflex points on the forehead for stress. If stress affects the neck and the stomach area, spray over these areas in addition to the oral dose. Anywhere you may have localized symptoms simply spray over those areas with the appropriate formula.

You may also spray a remedy like our **911 Stress Control** in the air during stressful times in the office or other environments. Some users report that spraying their King Bio remedy, such as **Appetite & Weight Control**, over their bath water with successful overall therapeutic effect.

## HOW TO USE KING BIO NATURAL MEDICINES

<b>Crisis or First Aid</b>	<b>Acute or More intense Symptoms</b>	<b>More Persistent Symptoms</b>
<p><b>Every 10 minutes to every hour</b>, depending on severity, until symptoms are lessened, then slowly reduce dosage as symptoms continue to clear.</p>	<p><b>4 – 8 Times Daily.</b> After initial first aid or crisis period, you can move to the 4-8 times daily dose. If no change is noticeable within 1 – 3 days, consider adding other related remedies.</p>	<p><b>3 Times Daily.</b> More persistent problems can have acute episodes requiring more frequent dosages. Once subsided, return to the 3 times daily dose as needed.</p>
<p><b>Examples:</b> Injury with severe pain, migraines, asthma attacks, colic, fever, earaches, insect stings, emotional traumas</p>	<p><b>Examples:</b> Hay fever, sinus, back pain, cold, flu, cough, mood changes, smoke control, appetite control and stress</p>	<p><b>Examples:</b> Arthritis, allergies, backaches, detox, miasms, general recurring problems, and constitutional support</p>

## FINDING THE RIGHT FORMULAS

The *Natural Medicine Quick Reference Manual* has a Product Guide and Repertory to help you discover the potential formulas for each individual case. The key to ultimate success with homeopathy is finding all the formulas that match the symptom picture and correct the underlying cause of disease.

Homeopathy is a highly individualized healing art, and to discover its broad spectrum of therapeutic potentials you must have a way of discerning all the remedies that support the healing process. The practitioner must have an insightful and open approach that seeks to explore more deeply all possible similars—products that match similar symptoms. Diligence in seeking and finding all the homeopathic remedies needed is key to optimal success.

Homeopathy is based on the Law of Similars. Whatever sounds similar to the patient's conditions should be considered. With the *Natural Medicine Quick Reference Manual*, this unique style of homeopathic thinking will develop in you over time and testing.

The Repertory offers a thorough A-Z listing of health problems with a priority list of King Bio Natural Medicines to consider.

The body is designed to maintain and restore health. When this inner process breaks down, health problems occur. The key to this natural restoration process is to personally find the right natural medicines for each case.

Each one of us is made uniquely different. The underlying causes of the same health condition between two individuals with similar symptoms may be different, requiring different King Bio Natural Medicine.

Indications for use on the King Bio Natural Medicine label may suggest the obvious formula for the symptoms. However, because our bodies are unique, individuals may require different formulas.

For example, John and Rick have congestion, sneezing, headaches, and other similar symptoms. In reading the indications for use, they both feel they need King Bio™ **Allergies** and **Hay Fever**. John received quick relief and his symptoms had greatly diminished in 12 hours, thus healing was taking place. Rick didn't make the same improvement. Let's look further at the "Other Helpful Natural Medicines" listed under **Allergies and Hay Fever**. Sinus Relief was listed in order of priority. When given the King Bio **Sinus Relief**, Rick received substantial relief within hours.

The complimentary medicines listed with each remedy will give you suggestions on other formulas that can complement your patient's healing process. Following through with this procedure is key to finding the missing pieces to your patient's health. The degree to which you follow through will determine your level of success in overcoming the difficult or resistant problem.

**The King Bio™ Constitutional Enhancer or Miasm remedies** can enhance your body's inner healing abilities. Consider the **King Bio Constitutional Enhancer, or one of the miasm formulas**, along with your symptom specific formulas for optimal results. These powerful formulas are designed to enhance the body's overall ability to heal and restore.

# KING BIO™

## Solving Today's Contemporary Healthcare Problems

**King Bio** is an FDA registered homeopathic manufacturer in accordance with current Good Manufacturing Practices (cGMP). A National Drug Code (NDC) number has been assigned to each King Bio formula. Located in Asheville, North Carolina, we are a USA-based company dedicated to the production of safe and natural remedies without side effects.

Latin names are used for each ingredient for the specific identification of each ingredient worldwide. All King Bio formulas are carefully prepared according to the quality standards of the Homeopathic Pharmacopoeia of the United States (HPUS). The Federal Food, Drug, and Cosmetic Act (FDCA), the Federal legislation that officially classifies and defines all drugs, recognizes the HPUS.

**COMPREHENSIVE COMPOSITION** – King Bio formulas are the result of the accumulated knowledge of some of the most respected homeopaths, many years of combined research, and comprehensive clinical experience. We are pleased to provide you with the following innovative formulas to meet the complex health needs of today. The quality ingredients in our formulas are prepared from substances belonging to all three realms of nature. The plant kingdom is the source of more than half our remedies. Qualified specialists harvest our plants in their natural habitat after passing a thorough botanical examination. All components are prepared in strict accordance with the Homeopathic Pharmacopoeia of the United States (HPUS) and current Good Manufacturing Practices (cGMP) standards of excellence. Components from the plant kingdom are gathered according to specific procedures. This involves harvesting a specific part of the plant at a specific season of growth; i.e., budding, flowering, etc. This process is essential to provide the therapeutic quality of King Bio formulas. Substances for our formulas also come from the mineral kingdom and a small amount from the animal kingdom.

**A CONTEMPORARY APPROACH** – King Bio formulas are uniquely created to meet the needs of today's more complex and elusive healthcare problems. Due to the dramatic changes in disease patterns and our environment, the effective answers King Bio formulas offer are in great demand for today's health needs. These formulations are designed for the majority of health problems you see around you or may be experiencing yourself.

**SYNERGY** – Our unique formulation process allows us to offer products with a greater degree of effectiveness than ordinary homeopathic remedies. Our proprietary research has allowed us to develop synergistic formulas—the total effect is truly greater than the sum of the parts.

“...for the introduction of homeopathy, which forced the old school doctor to stir around and learn something of a rational nature about his business, you may honestly feel grateful that homeopathy survived the attempts of the allopaths (orthodox physicians) to destroy it.”

- Mark Twain

## RESEARCH IN HOMEOPATHY

Whenever critics may say that homeopathy does not have any good research, we can confidently inform them that they are not familiar with the scientific literature. The following summarizes a number of double-blind studies including both laboratory studies as well as clinical research. Homeopathy also has a most impressive accumulation of statistics that has been acquired over the last 200 years.

In an age when medicines have a rapid turnover due to harmful side effects or ineffectiveness, homeopathy has withstood the test of time. As basic truths will always exist, so have the remedies of homeopathy. It should be known that in 1975, the U.S. Congress Office of Technology Assessment estimated that only 10-20% of all conventional medical practices have been shown to be efficacious by controlled trial.<sup>1</sup>

**EARLY RESEARCH** – To the surprise of most, the first double-blind crossover study ever performed was done in 1906 by homeopaths. This impressive study was done concurrently in eleven different cities on 51 subjects. This particular experiment consisted of 665 pages, which was the Research Provings of Belladonna.<sup>2</sup>

In addition, at the turn of the century, a book was published called *The Logic of Figures or Comparative Results of Homeopathic and Other Treatments*. This book provides dozens of charts comparing disease and death rates in homeopathic versus allopathic Hospitals. This also included the epidemic diseases of scarlet fever, yellow fever, typhoid, etc. The homeopathic hospitals usually had 50-80% fewer deaths, depending on the disease compared.

The British Government sponsored another early double-blind study during World War II. The experiment demonstrated that those experiencing mustard gas burns who were given homeopathic remedies experienced significant improvement in comparison to those given a placebo. A 1982 review provided further substantiation of the statistical significance of the research.<sup>3,4</sup>

**LABORATORY EVIDENCE** – The number one criticism of the scientific community has been the “infinitesimal” nature or the dilution principle of homeopathy. Homeopaths do agree that once a remedy is diluted beyond 24x or 12c potencies, they are diluted beyond Avogadro’s Number ( $6.02 \times 10^{23}$ ), which theoretically indicates that no molecules are present of the original substance. However, both laboratory and clinical results over the last 190 years have demonstrated definite effectiveness with remedies beyond this dilution.

A recent Nuclear Magnetic Resonance (NMR) study of 23 different homeopathic remedies showed that all 23 remedies and potencies tested had distinctive readings of submolecular activity, while the placebos did not. This demonstrates that homeopathy’s function is not so much chemical as energetic.<sup>5</sup>

### ANTIVIRAL

A recent double-blind study has shown the antiviral effect of homeopathic remedies. Eight of the ten remedies tested inhibited viruses in chicken embryos from 50 to 100 percent depending on the potencies used.<sup>6</sup>

### HEAVY METALS

The respected journal, *Human Toxicology*, published a study showing that homeopathic doses of arsenic eliminated crude doses of trapped arsenic that had been previously fed to rats.<sup>7</sup>

### LOWERED SERUM CHOLESTEROL

Four German Scientists at a veterinary college showed that homeopathic *Chelidonium* had lowered serum cholesterol when given twice a day to rabbits on a cholesterol rich diet.<sup>8</sup>

## **REDUCED LABOR PROBLEMS**

British Veterinarian, Christopher Day, had conducted several pilot studies demonstrating how homeopathic remedies had reduced labor problems in cattle, stillbirths in pigs, and mastitis in cattle.<sup>9</sup>

## **ANTI-CANCER**

The Cancer Research Center in India found that of the 77 mice that received a transplant in fibrosarcoma, 52 percent survived more than one year with homeopathic remedies. The 77 mice that were untreated died within 10-15 days.<sup>10</sup>

## **PAIN CONTROL**

Scientists at a British school of pharmacy found that rodents given Hypericum were able to inhibit pain responses. Rodents were able to remain on a hot plate longer than the control group. When given NaLoxone, which inhibits pain-killing endorphins, the protective effects of Hypericum were reduced, showing that homeopathic Hypericum activates endorphins when needed. These rodents were free to walk off the hot plate whenever discomfort was noticed.<sup>11</sup>

## **ALLERGIES**

Homeopathic Apis and Histamine have a significant effect on reducing the release of certain allergy-causing chemicals from Basophils, which demonstrates one reason for homeopathy's positive effects on allergies.<sup>12</sup> In 1994, the internationally respected medical journal, The Lancet, published a study by David Reilly, M.D., demonstrating the effective homeopathic treatment of allergic asthma.<sup>13</sup>

## **IMPROVED IMMUNE FUNCTION**

A respected pharmacology journal showed that homeopathic Silica had a significant effect on stimulating macrophages in mice, which destroy foreign particles, bacteria, and old cells.<sup>14</sup>

## **RHEUMATOID ARTHRITIS**

**CLINICAL EVIDENCE:** The British Journal of Clinical Pharmacology published a double-blind experiment on patients with rheumatoid arthritis. An impressive 82% of those given a homeopathic medicine experienced some relief of symptoms, while only 21% of those given a placebo experienced any similar degree of improvement.<sup>15</sup>

## **DENTAL NEURALGIA**

Another double-blind trial was conducted on patients with dental neuralgic pain following tooth extraction. An impressive 76 percent of those given the homeopathic medicine Arnica and Hypericum experienced relief of pain.<sup>16</sup>

## **VERTIGO and NAUSEA**

The respected German Pharmacological Journal demonstrated a statistically significant improvement in reducing vertigo and nausea with a homeopathic combination formula.<sup>17</sup>

## **REDUCED LABOR TIME and COMPLICATIONS**

French researchers recently completed a double-blind trial using a homeopathic formula to treat pregnant women. The study found this homeopathic formula to reduce labor time and decrease abnormal labor. The average labor time of the women given the homeopathic formula was 5.1 hours, while the placebo group was 8.5 hours. Only 11.3 percent of the women given the homeopathic formula had any abnormal labor, while 40% of the placebo group had an abnormal labor.<sup>18</sup>

## **CHILDHOOD DIARRHEA**

A study published in the May 1994 issue of Pediatrics showed the effectiveness of homeopathy in treating childhood diarrhea. The study, conducted by Jennifer Jacobs, M.D., was a randomized double blind clinical trial comparing homeopathic medicine with placebo in treating acute childhood diarrhea.<sup>19</sup>

# THE HOMEOPATHIC RENAISSANCE

## NOTABLES WHO HAVE SUPPORTED HOMEOPATHY

In England, the Royal Family has regularly used homeopathy since the 1830's. Today, **Queen Elizabeth II** is a patron to the famed **Royal London Homeopathic Hospital** and **Prince Charles** is known to carry homeopathic medicines whenever he travels.

**Gay Gaer Luce, PhD** (twice winner of the *National Science Writer's Award*) said that, "Homeopathy is a highly developed health practice that uses a systematic approach to the totality of a person's health. Anyone seeking a fuller understanding of health and healing will find Homeopathy extremely important and applicable."

**Mark Twain:** "... the introduction of homeopathy, which forced the old school doctor to stir around and learn something of a rational nature about his business, you may honestly feel grateful that homeopathy survived the attempts of the Allopaths (the Orthodox physicians) to destroy it."  
Harper's Magazine, February 1890.

**William James** stated that, "An enormous mass of experience, both of Homeopathic doctors and their patients, is invoked in favor of the efficacy of these remedies and doses."

**John D. Rockefeller** thought that homeopathy is a "progressive and aggressive step in medicine."

**Mahatma Gandhi** declared that, "Homeopathy...cures a larger percentage of cases than any other method of treatment and is beyond all doubt safer, more economical, and the most complete medical science."

**GROWTH STATISTICS:** The F.D.A. Consumer, one of our government's magazines, reported that the sales of homeopathic medicines increased 1000% from the late 1970's to the early 1980". (March 1985)

*The Washington Post* (April 28, 1983) reported that the number of physicians practicing homeopathy doubled from 1980 to 1983.

*The New York Times* (January 9, 1985) reported that the number of visits to homeopathic physicians in England is growing at an incredible 39% per year. The London Times (March 13, 1985) noted that 48% of the physicians in England recommend homeopathy to some of their patients.

Homeopathy has received more attention in the popular and scientific press in this past year than at any other time in history. *Newsweek*, *Time*, "The Today Show", "CBS Morning News", New York Times, Los Angeles Times, Boston Globe, UPI, AP, and National Public Radio are but some of the media who have recently done one or more stories on homeopathy.

A recent survey of French Doctors revealed that approximately 11,000 physicians use homeopathic medicines. Twenty thousand French pharmacies now sell homeopathic medicines. This survey also stated that six medical schools offer courses in homeopathy leading to a degree. Homeopathy is also taught in all pharmacy schools and four veterinary schools.<sup>20</sup>

Homeopathy is growing so rapidly in France that a recent cover story of *Le Nouvel Observateur*, one of France's leading magazines, noted that President Mitterrand and six medical school deans had called for more research on homeopathy.<sup>21</sup>

Homeopathy is experiencing widespread popularity in Europe, but it is even more popular in Asia, especially India, Pakistan, and Sri Lanka. Homeopathy has spread like wildfire in India due to its effectiveness in treating both the acute infectious conditions and chronic maladies on the sub-continent.

Presently, there are over 120 four-to five-year Homeopathic Medical Schools, and 100,000 Homeopathic Practitioners in India.<sup>22</sup>

Homeopathy is also growing widely in South America, Mexico, Greece, Belgium, Italy, Australia, South Africa, Nigeria, and the Soviet Union.

Each ingredient is in equal volumes of 10x, 30x, and LM1 potencies in a pure water base.

**PMS Relief:** "Other than trying to watch my diet, get enough exercise and cut down stress, there never seemed to be anything to help with the discomfort I would get when experiencing PMS. That is until I tried King Bio's PMS remedy. ....**King Bio PMS** gives me the relief I need and enables me to feel a sense of well-being and balance. I take the remedy three times a day (more when needed) for several days when experiencing my symptoms and never go anywhere without it. I just slip a bottle in my purse and take it when I feel uncomfortable. It's peace of mind in a bottle!" (L. R. C., NY)

## HEALTHY CHILDREN AND INFANTS

**Good Mood Enhancer™** “I recently had the good fortune to try **King Bio's Good Mood Enhancer**. I was highly impressed with the results I got from Good Mood Enhancer. I have been diagnosed as pre-menopausal and was in one of my depressed, tearful moods, which I couldn't shake when I tried Good Mood Enhancer. The first dose did not seem to help, so after about 10 – 15 minutes, I squirted ½ dose more under my tongue and held it there the recommended amount of time. Within another 10 – 15 minutes the tearfulness passed and I felt almost normal. It felt like a miracle to me. I used it again several times in the next couple of days anytime I felt myself beginning to feel tearful and was amazed at the results.” (L.R., MO)

**Good Mood Enhancer™** “I teach public school in Chicago – 8<sup>th</sup> grade no less! Well, I always spray my mouth with **Good Mood Enhancer** on the way to school. One day I noticed I was in a rather 'dull' mood and realized my personality didn't have the “zip” and mental energy I had when I used my **Good Mood Enhancer**. This was confirmed on several occasions. Now, I keep a bottle in my car – on the seat next to me (as well as one in my purse) just to be safe! A perky teacher is better than a dull one!” (C.C., IL)
